Key points on "Please tell us how we can improve?"

Evening + weekend appointments	We do offer late Nurse and GP appointments on a Tuesday, and we also offer appointments on Saturdays. However, due to our patient list size, we only offer a Saturday clinic, at a minimum, every 2 months.
More high back chairs in waiting room. Disabled loo	Sadly, at this moment in time, we do not have the funds for any additional chairs. If anyone does need assistance, please let reception know. Regarding the disabled toilet, we are unable to add an additional toilet due to the lack of space in the building. However, we do have a raised toilet seat that adapts our current toilet, and this is available from reception.
Booking appointments only allow booking on the day at 8:00. Other stratford practice allow pre book up to 3 days forward.	We do offer prebook able appointments that open up 14 days, 7 days, 3 days ahead and the day before head of the appointment. However, when all these appointments run out, we are unable to open up more as we wouldn't be able to

<p>No longer medical MOT?</p>	<p>offer any appointments on the day. If you are unable to book online, please do contact reception as they maybe able to offer alternative options.</p> <p>Medical MOTs. Almost every year, NHS funded campaigns expire and new NHS campaigns are created. For example, healthy heart clinic. We no longer offer these, but the NHS health checks have replaced these and many of those patients that fell under the healthy heart clinic, are eligible for the NHS health Check. If you are eligible for any current campaigns, we will be in contact with you. Please ensure that we have your correct contact details on record.</p>
<p>Provide more services eg: regular blood tests, regular check ups</p>	<p>For all patients who have chronic diseases, such as diabetes, heart failure, chronic kidney disease and so on, they are annually recalled for blood tests if appropriate and appointment with the appropriate clinician. This is also the case for medication reviews.</p> <p>For those patients that do not have any chronic diseases, if they are within the correct cohort, they could be entitled to an NHS health check. Please do contact the surgery if you have health concerns.</p>
<p>Decoration of the building needs to be welcoming</p>	<p>We completely understand this and do agree with you. However, due to funding, we are doing this step by step. This month, we have had our toilets repainted.</p>
